

Forest Of Reading®

Get involved
in Canada's
largest
recreational
reading
program.

The Forest of Reading is one of the few award programs in Canada where students select the winners! We offer curated read-to-go programming for classrooms, libraries or extra-curricular book clubs.

Get access to 100s of resources and dozens of virtual events and videos, such as read alouds, interviews, and book talks, for all grades – kindergarten up to high school!

The program runs until May. Check out the nominated book lists on our website.
